

Young Girl Is Held After Father Shot In Family Quarrel

TAHOE CITY — Richard J. Sprague, 40, Tahoe City carpenter, is dead and his daughter, Linda, 16, is being held in juvenile hall at Auburn in connection with his fatal shooting Sunday in the Sprague home at Tahoe Park.

Sergeant Max Bennett of the Lake Tahoe substation of the Placer County sheriff's department, said the girl shot her father with a .22 calibre rifle while the latter was beating and choking his wife, Myrtle, 37, during a family argument.

Captain John Shingle and Captain Robert Moustis of the sheriff's department, interviewed the girl and reconstructed the tragic story. Linda said her mother and father argued Sunday morning. Her father left the house to do a repair job but the truck failed to start. The mother and two sons, Richard, 14, and Randy, 9, tried pushing the truck and it was damaged, enraging Sprague.

Later the two boys saw their father go into a local bar and went home and told their mother, who advised them there would be trouble. Richard loaded the rifle and hid it in Linda's room. When Sprague came home, it was obvious that he had been drinking and he demanded money and the keys to the family car. When they were refused, he started hitting Mrs. Sprague in the face with his fists. He knocked her to a couch and began choking her.

The mother cried out for help and Linda came into the room with the rifle and fired one shot, the bullet striking her father in the right side. He died almost instantly.

While Mrs. Sprague went to the telephone to summon the sheriff's office and an ambulance, Linda and the two boys left the house and secreted themselves until the officers arrived. All four, the mother, Linda and the two boys were taken to Auburn for questioning.

Mrs. Sprague told the officers she and her husband had been arguing for the last 12 years and she told the children to expect trouble if Sprague came home and started an argument.

Linda was not booked but is being held by the juvenile authorities until it is decided what action is to be taken.

Garbage Question To Be Settled By Plan Commission

At its next meeting, the Nevada County Planning Commission is expected to take action on the application of Harry W. Stout to install a garbage disposal dump on 7.32 acre tract near Hirschdale. The county proposes to lease the land to Stout for a period of 20 years.

The applicant, who has a contract with the county to haul garbage and other refuse in the fifth supervisorial district as well as a contract with the Truckee Sanitary Board, said the present dump near town, leased from the sanitary district, is not adequate for growing needs. The present dump will continue to be owned by the sanitary district.

If the application is accepted Stout will be required to maintain a 5,000-gallon water storage tank which must be maintained all during the fire season and take other necessary precautions.

The site is located adjacent to the new freeway but is not in sight and has been approved by the water pollution control board. Delay in approving the application was taken to give the commission members an opportunity to scan the site.

Grand Theft Trial Will Start Monday

The grand theft jury trial for Frederick B. Lasher, 57, scheduled last week in the Nevada County Superior Court of Judge Vernon Stoll, was postponed until November 26, on motion of defense attorney Kern Tindall, in order to permit more preparation of the case.

Lasher is charged with embezzling upwards of \$14,000 of payroll funds while employed as a bookkeeper for a firm engaged in constructing the new highway in the Truckee district.

FUEL COMPANY HAS RADIOS IN VEHICLES

As an added means of providing fast service to their customers, the Truckee-Tahoe Fuel Company has installed mobile radios in each of four units. This means, according to Manager Loren Ferdinand, that operators of these units may talk with one another or with the company's Truckee office.

The radio telephones were installed this week and are capable of reaching all of the Truckee-Donner and Lake Tahoe areas. If service is needed, for instance, at Kings Beach, the unit nearest that community can be notified by air instead of waiting until it reaches the office to learn of the trouble.

APPLICATION DENIED FOR TRAILER PARK

Traffic Declines As Count Shows Local Station Is Highest

Strange as it seems, there were nearly 6,000 more vehicles entering California during October than there were in September, according to the report from the state department of agriculture.

During October, 126,860 cars, 4,928 trucks and 1,607 buses were checked at the Truckee quarantine station. During September there were 120,421 cars checked, the report showed.

Truckee maintained its position as highest among the 18 stations, with Yermo second with 104,763 cars. Truckee reported 335,533 passengers for last month compared to Yermo with 268,962.

October, 1961 was well ahead of this year when 154,246 cars with 396,364 passengers were counted. At Meyers on Highway 50 there were 31,317 cars, 414 trucks and 54 buses with 76,436 passengers checked last month, a gain over last year when there were 22,777 cars and 55,038 passengers.

SACRAMENTO — (CNS) — The entry of out-of-state cars into California during October fell off from a year ago but the total traffic passing the state's border checking stations still showed an increase for the year, the state department of agriculture reported.

The department said a total of 1,442,863 passengers in 365,470 California-registered cars, 182,303 out-of-state vehicles, and 4,883 buses passed the quarantine stations during October. This compared with 1,393,142 persons in 330,922 state cars, 198,904 out-of-state and 4,120 buses in 1961.

Out-of-state passengers dropped from 491,330 in October of 1961 to 440,183 last month.

Truckee, with a total of 335,533 passengers in 126,860 cars, had the highest traffic count in the state.

Billboard Request Denied By Board

The Nevada County Planning Commission at its last meeting denied an application by Burton C. Smith of Caldwell and Smith, for a billboard to be installed between the Veterans Building and the new Freeway.

Petitions of protest were sent to the commission by a number of property owners in the district and by the local post of the American Legion. The latter charged that the 18x31-foot sign would obstruct the view of the memorial building and famous rocking stone tower from the freeway.

It was also pointed out that granting such a permit would encourage others to apply for construction of such undesirable signs along the freeway route through Truckee.

He retired several years ago to make a visit to his home town, Olbia, Italy, and was planning at the time of his death to return to that area following the sale of his local property.

Zunino is survived by one son, Chester and a grandson, John, both of Elk Grove. His wife, a daughter and four grandchildren live in Italy.

Fraternally, Zunino was a past noble grand of the Odd Fellows Lodge.

He was born July 9, 1882. The Truckee Colonial Mortuary has charge of the funeral arrangements.

A breakdown of the balloting is shown below.

Two Students Ask For Service In AFS

By Claus Brandlin
Tahoe Truckee High School has two candidates for the American Field Service program "Americans Abroad." Kim Turner from Tahoe applied for the all year program and Leilani Braasch from Truckee for the summer term. As the application papers have to be in New York by the 15th of this month, the two girls will be the only two candidates from TNT.

The all year program gives the students the chance to participate in the foreign school program, while the summer program is for only two months abroad, usually July or August.

Although the students have indicated their preferences, AFS will make the final decision as to which country the candidates may go and which program they will participate in.

The purpose of the AFS program is to understand other countries and to make people understand their own country. The program is not an opportunity for a fun trip; the students have to show responsibility and maturity. They must be willing to cooperate and to adapt themselves. Only the most highly qualified applicants will succeed in going abroad.

All AFS students live as members of their foreign family and share their life as a child of their own. The students learn to understand their life in this way, in this manner, the family learns to understand the United States. The students, judge the foreign country by the family with whom they live, but the family judges the United States students in the same way. Therefore, the candidates are selected on a national basis, for they represent the whole nation and not only Truckee.

We hope Kim and Leilani will succeed and, in foreign countries, tell about life in the United States, California and Truckee.

RADIO FALLOUT ON SUMMIT IS SLIGHT

Radioactive fallout in California has been surprisingly slight this summer and fall, although a general increase in airborne radioactivity was recorded during the period October 16-24, according to Dr. Malcolm H. Merrill, state health director.

With the exceptions of Bakersfield, Eureka and Fresno, Donner Summit had the lowest reading in micromicrocuries per cubic meter of air of the several reporting stations through California. The reading on Donner was 31 while the highest recorded in the state was 72 at San Bernardino.

These were maximum readings and through the summer and fall, Dr. Merrill said, radioactivity for all parts of the state averaged less than 10 micromicrocuries per cubic meter.

SACRAMENTO—(CNS)—The state department of alcoholic beverage control announced it has distributed \$4,919,888, including \$13,770 to Nevada County and its cities, from liquor license fees collected for the period from March 1 to August 31.

The department said the unincorporated area of the county received \$7,325. The distribution represented all of the money collected for sale or renewal of licenses in the county, as well as collection of payments for offers in compromise, minus 10 per cent for departmental administration. Distribution is on the basis of the amount of fees collected in a particular county or city.

TAHOE COMMONS IS SUBJECT OF TALKS

TAHOE CITY—H. "Nick" Bishop, Placer County's planning advisor to the recreation commission, met here with representatives of the Lake Tahoe Sierra Chamber of Commerce, Tahoe City-Squaw Valley Conference Association and directors of the Tahoe City Commons to discuss potentials of the Tahoe City community beach.

The commons was described by the chamber manager, Fred Schultz, as one of the best public facilities in that city. He added that the plan proposed by Bishop seemed to meet community needs by providing public access and parking at the very shore of Lake Tahoe where visitors could swim, boat or picnic at their leisure.

Bishop's plan included pavilion picnic facilities, a concessionaire stand, lawn, shrubbery and a small boat dock. No launching ramp was proposed since the new three lane, wildlife conservation board ramp in Lake Forest offered that service to boating enthusiasts.

Bishop also proposed a flag pole-monument combination in a central location in memory of the late Matt Greene, who donated \$5,000 to the commons for development. Bishop said the monument would provide a theme for the proposed parks which could be carried out in other structures or plantings.

Bishop also extended an offer of assistance in future planning, development of parks costs, and liaison between state or federal agencies from the Placer County director, Fred Barger.

FALL OUT SHELTERS AVAILABLE IN STATE

By Dean T. Pratt
Placer County Civil Defense Director

The question of whether or not we should have shelters is no longer valid, for the national fallout shelter survey conducted by the army corps of engineers and navy bureau of yards and docks has uncovered some 60,000,000 shelter spaces throughout the United States, and over 3,000,000 in California.

Although Placer County has only identified approximately 5,000 shelter spaces in buildings and structures, there is yet an undetermined amount of shelter spaces in the various mines and tunnels in the county. The question has changed from, "shall we or shall we not have shelters?" to, "how can we best utilize the shelters that we have, and how can we best supply enough shelters for everyone?"

As far as acquiring enough shelters is concerned, there seems to be but two answers: they must be found and identified, or they must be built.

The question of how to use these shelters once we have them proves not to be as easily answered as it first appears, for the confinement of a large number of persons in a restricted area with a foreign environment creates a host of sociological and psychological problems which must be considered prior to planning for the use of these shelters. To some who would consider the problems involved, it might appear to be nearly impossible for a large number of persons to utilize some shelters.

It must be pointed out that research institutes that have conducted shelter research have shown that humans can adapt themselves to the conditions of shelter living if the basic sociological and psychological needs of shelter occupancy can be provided. It should be pointed out that many of the problems that would be present in a shelter are not peculiar only to shelter living, but are common in a lesser degree to our routine daily living, the main difference being that a system for coping with these problems is well developed in our daily lives, whereas a system must be established for the confined conditions which would be experienced in shelter living.

TNT Tidings

By Claus Brandlin
The Fall Festival of Tahoe Truckee High School on Saturday, November 17 was quite a success. The different booths were built around the walls of the gymnasium. Each booth was carefully decorated. The raffles seemed to be the most exciting activities. The prizes most liked by the students were probably free ski tickets. Many other worthwhile prizes were given by local businessmen. The profit of the carnival, about \$700 will be given to the annual staff of TNT.

On Monday, November 19, the CSF had their regular meeting. They discussed the banquet which they plan to have on December 12. Right now, 19 students belong to our CSF group. The requirements to join the CSF are to have 10 grade points. In academic subjects, an A counts three points and a B, 1 point. An A in a non-solid subject equals 1½ points and a B, ½ point. Mr. Dewhurst, the advisor of the local CSF, hopes to raise the interest of the students to go out for the honor of belonging to the federation. Each year they raise money for a scholarship given by themselves.

Girls' League executive committee, officers of the league, met on Monday, November 19, to plan a general assembly meeting.

An awards assembly was held on Tuesday, November 20, during home room. Letters were given to eligible Junior Varsity and Varsity football players of this year. The honored Varsity players are: Tom Terkildsen, Greg Moore, Joe Straub, Mike Marvin, Bob Kupka, Ted Files, Paul Franklin, Joe Hoxie, Phil Balbuena, Jim Grady, Len Watts, Randy Erickson, Mike Kumle, Al Eberhart, Mike Kehoe, John Tallant, Dusty Rhoades, Butch Smith, Luis Mentequi, Steve Besio, Norm Doolittle and Kris Felte.

TAHOE TRUCKEE SCHOOL NEWS

KINGS BEACH SCHOOL
KINDERGARTEN—Mrs. Mills: We have made paper "clothes" to use in our washing machine game. Those who received 100 per cent on learning colors and flavors were: Donnie Heacock, Sallie Burch, Kit Briscoe, Renee Gilmore, James Brendel, Bobby McCoy, Lori Dean, Tina Watson.

SECOND GRADE, A. M.—Mrs. Wing: Nineteen of the 26 children in our class received 100 per cent in our final spelling test this week. They were: Gordon Anderson, Loretta Anderson, Maria Sue Bracy, John Hart, Milo Lynch, Ronna Poulter, Debbie Sipes, Kathy Hansen, Catherine Clifton, Suzanne Thompson, Jeff Molsberry, Mark Souza, Mike Kornazewich, Bill Holley, Mark Swan, Brenda McKennon, Lisa Faulkner, Mike Rich and Marjorie Finigan.

Jeff Molsberry and Loretta Anderson shared graham crackers with our class during mid-morning milk period.

Dorothy McDonald gave a report to the class on her trip to Disneyland, Knott's Berry Farm and Ma-

rineland. Mrs. Betty Baxter, membership chairman for the T.P.A., told us that our class won the T.P.A. membership drive. We will be rewarded by a classroom party soon.

SECOND GRADE, P. M.—Mrs. Smith: This week the parents were invited to spend a day in our classroom to see what their children are doing in school. On Monday our guests were Mrs. Wentz, Mrs. Fellows, Mrs. Anderson, Mrs. Price and her sister, Mrs. Jenks from Sacramento.

On Tuesday, Mrs. Gorrindo, Mrs. Reynolds, Mrs. Hilgesen, Mrs. Persons, Mrs. Jones, Mrs. Klockman and Mrs. Miller visited.

On Wednesday Mrs. Sundquist, Mrs. Kindred and Mrs. Grellman were here. Unable to attend, of course was Mrs. Ferrari, who is now in Italy.

Wednesday was Eric Kingard's last day in school. He has moved to San Pedro.

THIRD GRADE, P. M.—Mrs. Thomas: The following students received "A" papers in spelling this week: Terri Burghardt, Loretta Henson, Becky Dunham, Sandra Clark, Sherry Watson, Chris Crom, Ronnie Hughes, Robyn Drew, Michael Weiss, Moira Price, Vali Martin, Calvin Fette, Debra Smith and Greg Jones. LIFESAVERS

One mark of an experienced driver is that he signals before changing lanes, says the California State Automobile Association. Not only does he signal clearly, he waits for a safe opening before entering the other lane. Freeway driving requires advance planning because of the relatively high speeds at which traffic is moving. For your safety and the safety of other motorists, always signal properly before changing lanes.

clothing in science now, and will start collecting cloth samples for our notebooks.

Jimmy Rueckheim and Chris Crom brought in pine cones for our art project this week.

SIXTH, SEVENTH AND EIGHTH GRADES—Mrs. Schultz: The nominations for student body officers were made last week. Running

for president are Vicki Jones, Jon Hooper and Everly Clinton of the 8th grade. Susan Clackett, Debbie Martin and Wendy Howell, all of the 8th grade also, were named in the vice president's place. Mitchell Abbott, 7th grade; Mickey Barker, 6th grade; and Armen Abrahamian, 8th grade, are vying for the secretary's job while Ann Fette and Mary Ferrari, 7th graders, will compete with Monte Neugebauer of the 6th grade for treasurer.

The first all student assembly was held Wednesday as Steve Miller, one of the 8th grade class presidents presided. After each candidate was introduced by a campaign manager, they spoke in their own behalf. It was an excellent example of what the students are capable of doing.

FLASH—Vicki Jones is president; Susan Clackett, vice president; Mickey Barker, secretary; Monte Neugebauer, treasurer.

TAHOE LAKE SCHOOL

DOINGS**

From the appearance of the ranks of the missing among our good neighbors up and down the lake, vacation time is here once again. The Tom Bonano's have closed Donlac Lodge for the season and have gone to Twenty Nine Palms for a well earned rest. They expect to spend Thanksgiving with Tom's brother in Oakland.

The Dr. Ray Wiser's have just returned from a combined hunting and vacation trip to Montana. The hunting was excellent as the Doc got his bag limit, three deer and one bear. His only disappointment, he sez, was no elk.

The Donner Lake Auxiliary's Harvest Moon Ball was a smashing success as everyone turned out in their overalls and aprons, for dancing raffles and fun.

The ladies had their annual monthly meeting Thursday at the Capitol. I heard a rumor that they are going to change their name to the "FIREBALLS." We think that this very apra-po, for our girls certainly have earned the title of livewires in all the aid that they have given the fire department, and helping to build it into the fine department which it is.

They not only have entertained their fellows, they have made money for them too.

The lake is still a beehive of activity, new houses going up on all sides of us. We hope that we have the privilege of welcoming many new neighbors this coming season. We hope that old man winter will hold off long enough so the roofs can be applied to all these fine new dwellings.

We are proud of all you fine parents for being good kiddies for two nights this past week, on parents night at our schools. We have a fine school system with good instructors and it makes one feel real good to know that our parents are appreciative too. Come on kids let's have more "A's" this coming semester.

Wouldn't it be nice to have the new family that is coming to California later this month, making us the largest state in the union, a resident of Donner Lake... not likely but don't say we didn't suggest it... guess we will have to be happy with just showing them our jewel... ask the Mayor of Donner Lake to suggest this, he is on the welcoming committee...

Saw Jay Richards looking over a set of tire chains the other a.m. ... Not yet, Jay, it's too early for chain control... Clarita Richards has moved to Sacramento where she is going to work for Aero-Jet... Saw Carson White in ski pants... half inch snow isn't enough Carson... Saw Jack Stevens big grin, he caught a limit of fish the last day of the season...

The hot stove league has taken over... Chuck Baker describing the one that got away... Hal Welch with one lone pheasant after three days of hunting... Saw shutterbug, Dick Swanson, taking pictures of the lake... Byron Anfield drinking coffee in the high school cafeteria... Donner Lake Coffee Shop is closed for remodeling... Beware of the Robert Horton's measles...

By 1970 the United States Post Office Department expects to handle 90 billion pieces of mail a year.

The meanest thief of the year has performed his worst trick—as

far as we have heard. Last Sunday the hot rod 1932 body of a Ford Coupe, 1959 license, dull black, whitewall tires, chrome axle, was towed away from the Garden Motel in Kings Beach. Michael Jenkins has been working on this as a hobby while being rehabilitated from a very serious car accident three years ago. He is still on crutches and this project was

more important to him than to an individual who is not incapacitated. Should any information regarding the body be available please phone LI 6-3328. This has been reported to the police who are cooperating in trying to locate it also. Mike has worked hard all summer on the motor to try and get the car operating. Help, please.

Visiting in the North Tahoe-Truckee-Squaw Valley area were James T. McCutcheon and Ray C. Badgley, field representatives of the California Taxpayers Association. These gentlemen are proposing to do a survey on the proposed bond issue of the Tahoe-Truckee Unified School District. There is NO charge for their services and they are working in the

interest of the taxpayers association which has its headquarters in Los Angeles. This survey by another group, such as the Stanford surveys, would cost thousands of dollars. The people's interest in this activity will determine what action will be followed. A number of meetings will be held to acquaint the citizens of this activity and

how it is to be carried along. As this information is received it will be reported. Jackson Brandt, III, and Dr. Mer-ton Root of San Jose were Tahoe visitors over last weekend. Donna Stumbo, a student at Sacramento State College, visited with Kathy Murray of Brockway Satur-

1½ ounces. Parents are Dick and Jeanne Elser of Kings Beach. Twenty months old sister, Sharon, is the other member of the Elser family.

Stan Simmons, now a south shore resident and businessman, was a Tahoe Vista visitor on Thursday. Will resume the management of the Tahoe Vista Lodge and boat harbor which he and wife, Pat, operated prior to the last two seasons. Stan, Pat and children, Reed and Cheryl are at the Holiday Lodge.

A. R. and Reno Jo Kingard and children who operated the lodge and marina the past season have moved back to Palos Verdes.

Sharon Forcier and baby daughter, Heidi, of Palo Alto visited her aunt, Penny Fisher, husband, Dick, and their sons, Jimmy and Barry, and grandparents, Wayne and Helen Crum at Crystal Bay last week.

Jetta Steward of Crystal Bay and Toni Elleard of Kings Beach attended the Reno Cosmetologists association meeting in the Garden Room of the Riverside Hotel in Reno Tuesday night.

Ruth Murphy and Ruth Mizner of Kings Beach were bay area visitors November 3 when they attended the wedding of Ruth Murphy's son.

Timothy Murphy was married to Virginia Esquerra, both of Oakland, at a beautiful ceremony at St. Frances de Sales Church in Oakland on the 3rd of November. A reception at a private club followed.

Before their return to Tahoe, the two Ruths visited Ruth Mizner's daughter, Gwen McGrew in Berkeley.

J. D. "Dan" and Louise Anderson of Tahoe Vista entertained weekend guests, Mr. and Mrs. Bud Miller and Mrs. Theresa Buddie of Sacramento, all former Truckee area residents. The group attended the Eastern Star installation at Truckee Saturday evening.

Congratulations to happy grandparents, Willis and Ruth Mizner of Kings Beach. Daughter and her husband, Gwen and Dan McGrew of Berkeley became parents of a baby son, Gardiner Scott, at St. Mary's Hospital in San Francisco on November 10. Master McGrew weighed 8 pounds and 5 ounces.

Happy anniversary to Ted and Pearl Draney of Incline Beach who celebrate their wedding on November 21.

And, happy birthday to Otto Walter of Kings Beach who observed his natal day on November 7.

Observing Thanksgiving with J. D. and Louise Anderson at Tahoe Vista were daughter and family, Mr. and Mrs. Ernie Thompson and daughter, Sydney of Hayward. Dinner was enjoyed by all with the Andersons daughter-in-law, Annette Anderson at her Incline Village home.

Mabel Marriott of Crystal Bay returned to work last week after an absence of three months. Underwent a serious sinus operation in San Francisco in late summer. Friends have welcomed her back to the Crystal Bay Club and all are glad her recuperation is complete.

California Motel Association has announced the new officers of the coming year. Heading the group is Wendell H. Russell of Russell 'N Pines, Tahoe City, as its new president. The final and unscheduled social function, a reception in the Biltmore's presidential suite given by the outgoing president and Mrs. George Stark, climaxed a convention termed the best yet. Motel management clinics, informal pre-

sentations, discussions of various management problems, will be continued next year.

League of California Cities has passed a resolution to sponsor state legislation which will expressly empower "general law" cities to enact room taxes. General law cities are those organized under general law rather than by charter, and include Carmel and Anaheim. The League's resolution indicates some doubt as to the constitutionality of room taxes enacted by general law cities, and further indicates wide interest by cities in this revenue source.

If the proposed legislation is passed by the 1963 legislature, we can certainly expect increasing efforts to impose such local taxes. Don't say no one told you.

Persons interested in furthering the cause of the Navajo will be most interested to know that an art show is being held during November at the Nevada Art Gallery on Ralston Street in Reno. The exhibit, entitled "Indian Heritage, 1962" was arranged under the direction of Ann Cassidy of Carson City and is open free to the public between 1 and 4 p. m. every day but Friday.

Of particular interest was the pictures shown in a Reno newspaper of two of the four famous Indian Artists exhibiting, Beatie Yazz and Robert Chee. Pictures of Navajos are rare because of their antipathy toward being photographed. Know why? Because in photography there is no place for the tradition of leaving an escape for evil spirits. This applies to all Indian craft where people are depicted.

Kudos to two working executives. Saw them sawing, chopping, bulldozing, burning the rubble at the old stables at Tahoe Vista this past week—garbed in coveralls and jaunty headgear were H. E. "Mac" McCoskey and Ray Plunket of Crystal Bay Club. Good work and better plans.

A nice letter in the mail from Bonnie Barnett of Kings Beach. Bonnie and sister, Dixie Bullard, are relaxing at Yucca Valley. Glad to know that Dixie is improving after having been hospitalized at the Rhinehart Memorial Hospital in Wheeler, Oregon, for six weeks. Following her release they went to Hidden Valley Ranch in Escondido for two weeks and then on to Yucca Valley for recuperation in

CALIFORNIANS SMOKE
HEAVY SAYS REPORT

SACRAMENTO — (CNS) — At least \$695 million of Californians' property went up in smoke during the fiscal year ended June 30 — and intentionally.

This wasn't an outbreak of arson but was the estimated amount of money the state's cigarette smokers spent on their habit during the year.

The state board of equalization said taxable sales of cigarettes to retailers during the year totaled 2,319,232,000 packages of 20 cigars

the dry desert air.

Will return home in the spring—in the meantime, we all send best regards and speedy recovery to Dixie.

Hope everyone saw the August-September issue of Highway Highlights. Had terrific spread on Lake Tahoe Playground by Norman Katen, NHUC regional representative complete with pictures of the lake area.

Also in the National Motorist for November-December is an article on the Truckee River by Lee Elam and Leo Rosenhouse. This magazine is published by the National Automobile Club. Has pictures of Reno and Truckee scenes.

ettes each.

Per capita consumption during 1961-62 was 146 packages, down one pack from the previous year. However, consumption for Californians 18 years of age and older was 223 packs for the year. This was about 13 packs higher than the national average.

Some of the money spent on the cigarettes didn't go up in smoke. This was the \$69,576,957 which the state collected through its tax of three cents a package. This was up 2.7 per cent from the previous year.

In addition, 129 million packages of cigarettes were shipped tax exempt to post exchanges, commissaries and ships' stores.

To the voters of the

SECOND CONGRESSIONAL DISTRICT

THANK YOU

For your loyal support and confidence. During the 88th Congress, I will do everything in my power to live up to the trust you have placed in me.

HAROLD T. (BIZZ) JOHNSON

Your Working Congressman

What are you
saving for
tomorrow...
besides money?

Any American who's read his history books knows it takes more than money to make the future secure. It takes freedom, too.

Just consider, for example, how little your saved-up dollars would be worth without the freedom to spend them as you wish. Consider how little the costly education you hope to give your child would be worth without his freedom to put it to use.

These are reasons why so many Americans are buying U.S. Savings Bonds today. Each dollar you invest in a Bond comes back to you 38½% larger at maturity—but it does more. It also goes to work for your country. Bond dollars all together—yours and everybody's—make a tremendous and important fund Uncle Sam can use to stand for freedom all over the world.

With U.S. Savings Bonds, you save money—and the freedom to enjoy it, too. Good reason to buy some soon—and regularly, from now on.

The communists hope to overtake us economically. One way we can stay in front is to stay strong financially—individually and as a nation.

You won't find it printed on a Savings Bond, but one of its big benefits is the strengthening of freedom itself.

Keep freedom in your future with

The Sierra Bible Chapel will have as their guest speaker for four days the Rev. Einar Anderson who is associated with Dr. Jack Mac Arthur's radio and television series, Voice of Calvary. We are indeed fortunate to have a man of this caliber visit our small community and it is hoped that many will be guests at the five services where Rev. Anderson will have both timely and Biblical messages. Through the hospitality of William Mills at the local mortuary we shall be using the funeral chapel for one service only next Sunday, the 25th at 11 o'clock. Sunday school will convene 15

minutes earlier, 9:30 that morning at the home of Bud Denney in order that folks can be on time for the morning worship service.
Each subsequent service Mr. Anderson will speak at 7:30 in the evening Sunday through Wednesday at the Denney home. There will be special music for each service.
Rev. Anderson has returned only a few weeks from London. Through the staff members of the Billy Graham Association, and the full cooperation of the Evangelical Alliance of London, an informal press conference was arranged at which he addressed evangelical leaders and Christian writers and publishers from all over London, on the subject of the world today.

SS REPRESENTATIVE TO BE HERE NOV. 27

A representative of the social security administration will be at the justice court in Truckee November 27 between 9 and 10:30 a. m. to answer questions and give advice on current problems.

One of the questions often asked refers to people over 65 and who have not applied for social security benefits because they are continuing work. It has been pointed out that there are more than a million persons over 65 who have not applied for their benefits, probably because they think they cannot receive benefits if their earnings are more than \$1,200 a year.

This is not true, but these payments are not automatic and must be applied for.

MARRIAGE LICENSES ISSUED IN NEVADA

A Nevada marriage license was issued to Edward Carr, 41, of Truckee and Ernestine Polk, 42, of Stockton.

Lee McCain, 47, and Ardith Perkins, 40, both of Truckee were also granted a Nevada marriage license.

Donald Vance, 41, of Crystal Bay, Nevada and Sally Pyle, 34, of Tahoe City applied at Carson City for their license to wed.

AMBULANCE DRIVERS MUST BE CERTIFIED

SACRAMENTO — (CNS) — Beginning January 1, California's ambulance drivers will be certified by the state department of motor vehicles.

Tom Bright, director, said the department is starting a program to certify to the skill and expertness of the drivers, who are required to have a new type of li-

cense next year.

The 1961 legislature authorized the certificates, which require passing a written examination on ambulance driving rules and regulations, and a medical examination.

Applicants for such licenses also will be fingerprinted. The new certificates do not take the place of drivers licenses, but are an additional requirement to guarantee that ambulance drivers meet certain safety standards, Bright said.

Stephanie Cozzi To Wed Doug Baxter

Stephanie Cozzi will become the bride of Douglas Baxter at a religious ceremony to be performed by Father John Tackney in the Queen of the Snows Catholic Church in Squaw Valley at one o'clock, Saturday, December 1.

The rites were to have been held in the Truckee Catholic Church but due to a recent fire in the edifice, redecorating is now required.

The bride elect who will be given in marriage by her father, Steve Cozzi has chosen a ballerina length white lace gown, a crown of seed pearls supporting the shoulder length veil. Her bouquet will be of white orchids and stephanotis. Baskets of white flowers will flank the altar.

Frances McGwinn, the maid of honor selected a suit of white brocade. The bride's maids, Judy McGwinn and Sharon Indiveri will be attired in gowns of red lace, tiny white roses will compose their bouquets. David Decker will act as best man.

Mr. and Mrs. Steve Cozzi of Truckee are the parents of the bride-to-be and Warren Baxter of Kings Beach and Mrs. Nancy Martinez of Red Bluff are the parents of Baxter.

The announcement of the coming nuptials was made on Miss Cozzi's birth date, November 22 at a large family Thanksgiving dinner at San Francisco.

Both of the young people are well and favorably known in the North Lake Tahoe and Truckee vicinity and were June graduates of Tahoe Truckee High School, continuing their studies at Sierra College.

Following the wedding, a reception will be held at Cozzi's Club in Truckee. According to present plans, the couple will establish their future home in Sacramento.

Miss Cozzi was complimented at a recent bridal shower, given by Miss Frances McGwinn at Roseville, lovely gifts being opened by the guest of honor at the pleasant affair.

Smiths Stop—

Mr. and Mrs. Carl Smith stopped briefly in the snow to say hello to friends, en route to their home at Santa Rosa. Smith has resumed his position after a lengthy lay off, while ill.
